Jane Elvins bolsters GEZE UK Specification team

[GEZE UK](#), a leading manufacturer and provider of door, window and access control systems, is delighted to have welcomed Jane Elvins, who has joined as Specification and Business Development Manager.

Jane will lead GEZE UK in providing critical support to architects, engineers and end users for GEZE's [range of access control and safety equipment solutions](#).

"I am really excited to be joining such a dynamic and forward-thinking company like GEZE. I look forward to contributing my skills and experience while collaborating with talented colleagues to achieve our shared goals and continue driving success for the company." – Jane Elvins, Specification and Business Development Manager, GEZE UK

A Wealth of Experience

Jane brings with her a demonstrated history of success in specification management, project coordination, and fostering strong client relationships. Her expertise will ensure that every project adheres to the most current laws and industry regulations, guaranteeing full compliance and seamless execution.

With a keen attention to detail and a proactive approach, Jane has consistently managed projects from inception to completion, ensuring efficiency, quality, and client satisfaction at every step. Her ability to navigate complex challenges, collaborate with diverse teams, and communicate effectively with stakeholders positions her as a key asset in delivering projects on time and within budget.

Note to editors:

Founded in Germany in 1863, GEZE is one of the world's leading manufacturers of door and window control systems. Investing millions in research, development and manufacture of innovative solutions, GEZE sets the global standard for advanced door and window technology.

GEZE UK is the official company name and it originates from a German abbreviation, so should always be spelt in capital letters. The background: In 1901 Master locksmith Victor Gretsche joined the company and the business was renamed Gretsche & Co. GmbH. GRETSCHCO was abbreviated to **GE** for the German pronunciation of the letter G and **ZE** for the letter C.
