

Quality - Policy

The policy of GEZE UK is to establish, implement, measure and review an Integrated HSQE Management System that complies with the requirements of ISO 9001:2015 'Quality Management Systems'. GEZE UK believes that Health, Safety and Environmental aspects are fundamental to the success of the business, and thereby service quality; and so strives for a fully Integrated Management System.

GEZE UK aims to maintain and improve our position as the premium supplier of all automatic door systems (swing & slide), door closers, manual sliding door systems, glass rails and fittings, window operators and smoke control systems including service and repair of such to all industry sectors; by seeking new challenges, learning and adapting, and using the latest cutting edge technology to provide those services to a level of quality and flexibility that satisfies or exceeds customer, legal and other requirements.

In order to do this GEZE UK is committed to increase the effectiveness of our Integrated Management System, to continually improve competence levels, and to monitor performance by establishing and reviewing objectives and targets from the framework of company policies.

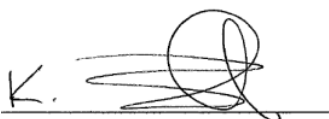

The Integrated Management System is mandatory and binding for the entire company. As such, it will be strictly adhered to by all employees of this company including management and the board of directors. It is the responsibility of all employees to perform their work in accordance with the specified requirements and to play an active role in continual improvement.

This quality policy will be made available, communicated and understood within the organisation in order to help achieve our business objectives.

Senior management will ensure that the quality policy is reviewed for continuing suitability and to ensure it remains relevant and appropriate.

The implementation of this policy is the responsibility of the Managing Director, assisted by the UK HSQE Manager and other members of the UK Management Team.

This policy shall be reviewed annually at the management meetings and re-issued every 12months.

K. Spiewakowski
Managing Director
